

President, German Business Chamber of SA; and Business Development Manager-Health, Department for Trade and Investment

Sandra is a facilitator enabling new business and partnerships. With a career in academia, industry and government, across health & life sciences and technology innovation, Sandra combines her interdisciplinary expertise and network to facilitate new business opportunities at the Department for Trade and Investment in South Australia.

Sandra grew up in Germany. After stays in the US, Australia, and Italy, Sandra moved permanently to Australia in 2007.

Sandra is the co-founder and President of the German Business Chamber of South Australia (GBCSA) whose purpose is the creation of stronger economic ties between South Australia and

Germany. GBCSA is the Official State Partner of the German-Australian Chamber of Industry and Commerce who is part of an international network of chambers in over 140 countries supported and mandated by the German Federal Government.
