

Edwin is a Management Consultant, Enterprise Architect and Program Manager for Digital Transformation Initiatives, helping small to large enterprise customers and government organisations with strategies and designs that enable them to successfully adopt digital technologies in fast changing and competitive environments.

Edwin is a Principal Architect for the internationally acclaimed Enterprise Architecture firm Fragile to Agile, based in Adelaide. Prior to his move to Adelaide, Edwin worked in The Netherlands for Hewlett Packard Enterprise and the Royal Dutch Shell Group. Since moving to Adelaide Edwin has been involved with bringing together Dutch, Business and IT communities.

He is the President of DutchSA (Australian Netherlands Chamber of Commerce, South Australia Inc.) and a Committee Member for Adelaide Connected, which organises joint events for major professional associations in South Australia (www.adelaideconnected.org).
